

Long Time Since the Last Time
K.D.Cashion – 1983

1. I've been watching time drag by
Counting my days on bottles of rye.
Haven't had that much to do.
Heard you were around
So I stayed out of town,
'Cause I want it to be a long time
Since the last time
I saw you.

Chorus:

I'm putting a lot of time
Between me and you,
And I must confess
I enjoy the view.
I'm seeing a lot farther
And clearer, too,
'Cause I want it to be a long time
Since the last time
I saw you.

2. I used to go down the street,
Look at all the cars I meet,
Hoping that I could see you.
It was eating at my mind
Thinking on you all the time,
Now I want it to be a long time
Since the last time
I saw you.

Chorus –

3. I've got to stay where I am.
Who you see I don't give a damned
Just as long as it isn't me.
Guess I was too tame,
You had no rules to your game,
Now I want it to be a long time
Since the last time
I saw you.

Chorus –
